Wim wilde hier aanvankelijk schijf 4 offeren (56. ... 4-9) om daarna achter te lopen. Maar dat was verhinderd vanwege 34-9 3x14 43-48 (of 49) en 23-18. Wim speelde daarom 56. ... 16-21 3x26 43-49. Dat Jos zou antwoorden met 32-27 was een verrassing met weinig tijd op de klok als extra handicap. Toch waren er nog veel zetten met een remisevariant, waaronder het gespeelde 4-10. De andere mogelijkheden:

- 11-17! Vanaf de beginstand:

56. ... 16-21 57. 3x26 43-49 58. 32-27 49x16 59. 23-19 11-17 60. 26x3 4-10 61. 19-13 16-2 62. 13-9 2-19 63. 37-31 10-15 64. 9-4 19-23

- 16-27! Vanaf de beginstand:

56. ... 16-21 57. 3x26 43-49 58. 32-27 49x16 59. 23-19 16-27 60. 26-3 27-49 61. 37-31 49-35 62. 19-14 4-9 63. 14-10 35-13

Ook was nog mogelijk 16-38, 16-43 of 16-49, maar dat wordt al snel ingewikkeld. Bijvoorbeeld:

56. ... 16-21 57. 3x26 43-49 58. 32-27 49x16 59. 23-19 16-43 60. 19-13 43-39 61. 37-32 39-34 62. 32-28 34-40 63. 13-8 40-35 64. 8-3 35-19 65. 28-22 19-13. Zeker geen varianten om in tijdnood te moeten uitspelen!
