Stand na 37. 40-34

Het nadeel van Willem-Peter wordt groter dan noodzakelijk.
Wellicht de beslissende fase van de partij.

Zie de analyse van Kingsrow waar de beste zetten groen zijn gemarkeerd en de gespeelde (mindere zetten) blauw.

Bij zet 6 loopt Willem-Peter iets nadeel op terwijl hij voordeel had kunnen hebben.

In de fase tussen de 35^e en 38^e zet speelt Jos onvoldoende nauwkeurig. Willem-Peter maakt echter geen optimaal gebruik van zijn mogelijkheden.

De 43^e en 44^e zet luiden voor Willem-Peter het verlies in terwijl Jos de 43^e zet nog een ontsnappingsmogelijkheid biedt.
